

GARDEN CITY HARVEST

The seeds of **GARDEN CITY HARVEST** are born: the USDA's **COMMUNITY FOOD PROJECT** grants \$50,000 to build a farm intending to grow produce for the **MISSOULA FOOD BANK**. This was their first grant cycle ever, and **GARDEN CITY HARVEST** was one of 13 grantees.

1996

GARDEN CITY HARVEST adds two more acres of Missoula County land to the **PEAS FARM**, builds a garden in East Missoula, helps the **ASUM COMMUNITY GARDEN** grow, and enters into an agreement with **MUD** for co-management of the **NORTHSIDE COMMUNITY GARDEN**. | **GARDEN CITY HARVEST** secures a grant from UPS to recover food from eateries around town and deliver it to the **POVERELLO** and **MISSOULA FOOD BANK**, while simultaneously picking up laundry.

1998

THE FIRST GROWING SEASON: the **PEAS FARM** grows on two acres at Fort Missoula – intentionally growing food for the **FOOD BANK** and starting Missoula's first **COMMUNITY SUPPORTED AGRICULTURE (CSA)** program. | The **COMMUNITY GARDEN PROGRAM** starts on what is now the **RIVER ROAD FARMSTEAD**, and at a site in the upper Rattlesnake. | The **PEAS FARM** enrolls about 20 students for a Farm Internship Program via UM's College of Arts & Sciences.

1997

The **PEAS PROGRAM** joins Continuing Education leaving UM's College of Arts & Sciences. | **GARDEN CITY HARVEST** hosts the oddest fundraiser in our history, the "Food Flotilla Duck Dash," competitively racing 5,000 1.5 inch rubber ducks (all hand numbered) down the Clark Fork River. That fundraiser was never repeated.

1999

This is the **PEAS FARM'S** first growing season in the Rattlesnake. | **GARDEN CITY HARVEST** establishes a farm at the River Road site, adding another summer and winter CSA share program, and expands the **RIVER ROAD COMMUNITY GARDEN**.

2002

Staff and volunteers build the **PEAS FARM'S** barn and outbuildings over the winter. | The **MULLAN ROAD COMMUNITY GARDEN** has its first season.

2001

GARDEN CITY HARVEST signs a 10 year lease for the **PEAS FARM'S** current, permanent site in the Rattlesnake: a 10 acre parcel owned by **MISSOULA COUNTY PUBLIC SCHOOLS**.

2000

GARDEN CITY HARVEST starts what would become the **FARM TO SCHOOL PROGRAM**, offering educational farm field trips of the **PEAS FARM**. In addition, the **MEADOW HILL SCHOOL GARDEN** is built: Missoula's first school garden.

2005

The **WASHINGTON SCHOOL GARDEN** has its first season. | **GARDEN CITY HARVEST** partners with the **BLESSED TRINITY CATHOLIC CHURCH** to create the **GARDEN OF EATON COMMUNITY GARDEN**.

2008

GARDEN CITY HARVEST partners with **MISSOULA'S YOUTH DRUG COURT** and **YOUTH HARVEST PROJECT** is born, employing at-risk youth at the **PEAS FARM**. | The **COMMUNITY GARDEN PROGRAM** helps to put a garden on the roof at the Gold Dust apartments, the first of its kind in the region. | UM's **ENVIRONMENTAL STUDIES PROGRAM** formally adopts **PEAS**, giving the program an unprecedented level of stability.

2003

HOMERD and **GARDEN CITY HARVEST** partner building a neighborhood farm and community garden at **ORCHARD GARDENS** affordable housing site. | A root cellar is added to the **PEAS FARM** increasing food storage for hunger agencies. | The **SECOND STREET COMMUNITY GARDEN** is built with a \$3,000 grant and a lot of elbow grease!

2006

The **JIMMY & ROSALYN CARTER FOUNDATION** awards **GARDEN CITY HARVEST** and **EVST** their Partnership Award: marking the first time the award is given in Montana. | **GARDEN CITY HARVEST** takes full management of the **NORTHSIDE COMMUNITY GARDEN**.

2004

The **LOWELL ELEMENTARY SCHOOL** and **WILLARD ALTERNATIVE HIGH SCHOOL** gardens grow their first season of veggies.

2009

The **WASHINGTON SCHOOL GARDEN** has its first season. | **GARDEN CITY HARVEST** partners with the **BLESSED TRINITY CATHOLIC CHURCH** to create the **GARDEN OF EATON COMMUNITY GARDEN**.

2008

The **YOUTH HARVEST PROJECT** starts **MOBILE MARKET**, a mobile farm stand that sells fresh produce for pocket change to senior citizens at two affordable housing sites.

2007

GARDEN CITY HARVEST partners with **YOUTH HOMES** to build a farm that will employ teens living in foster care with **YOUTH HOMES**. | **GROWING A GARDEN CITY** by Jeremy Smith is published, using **GARDEN CITY HARVEST** as a model for how to grow a dynamic local food system.

2010

The **PAXSON ELEMENTARY SCHOOL GARDEN** is installed. | **FARMER IN THE CLASSROOM** introduced to second graders at two Missoula elementary schools, Franklin and Lowell, with monthly visits from **GARDEN CITY HARVEST FARMER-EDUCATORS** throughout the school year. | The **YOUTH FARM** expands to two acres.

2011

FARMER IN THE CLASSROOM expands to all District One Elementary Schools in Missoula. | The **FRANKLIN ELEMENTARY SCHOOL GARDEN** is built. | **GARDEN CITY HARVEST** hires its first **FOOD CORPS** member in partnership with **FOOD AND NUTRITION SERVICES**.

2013

GARDEN CITY HARVEST teams up with **CHIEF CHARLO ELEMENTARY SCHOOL** to build a school garden. | **FARMER IN THE CLASSROOM** is expanded to include three more elementary schools. | The number of **MOBILE MARKET** sites grows to six.

2012

GARDEN CITY HARVEST enters into a 40 year lease with **MISSOULA COUNTY PUBLIC SCHOOLS** and the **CITY OF MISSOULA** for the 10 acre **PEAS FARM**. | **FARM TO SCHOOL** staff teams up with **RATTLESNAKE ELEMENTARY** to teach garden lessons and maintain their existing school garden. | The **IVY STREET COMMUNITY GARDEN** is built with the help of many community partners on Missoula City park land.

2015

A big year for land security! **GARDEN CITY HARVEST** purchases the **RIVER ROAD** land! This is the first and only property owned by **GARDEN CITY HARVEST**. Funding secured in part from the **2006 OPEN SPACE BOND**, intended to protect agricultural land—a first within the city limits. This included placing a conservation easement on the River Road land, preserving it for agricultural use forever. | **GARDEN CITY HARVEST** builds the **MILWAUKEE TRAIL COMMUNITY GARDEN** – the first time a community garden fulfilled the park requirement for a new development in Missoula. | Construction begins on the **HAWTHORNE ELEMENTARY SCHOOL GARDEN**, and the **PROVIDENCE GARDEN**.

2014

Construction is completed for the new **RIVER ROAD FARMSTEAD**, and staff move into the new organizational home on November 29th, 2017.

2017

JOSH SLOTNICK, organizational co-founder, moves on to become a **MISSOULA COUNTY COMMISSIONER**. His departure changes the model of leadership at the **PEAS FARM** now led by two rather than one.

2018

GARDEN CITY HARVEST kicks off a three year \$2.8M capital campaign. Funding from the campaign pays for the construction of a new facility at the **RIVER ROAD FARMSTEAD**. Plans take shape for the what would be known as **RIVER ROAD FARMSTEAD**: a community barn, office, tractor shed, and caretaker residence. | Three school gardens are reconstructed after MCPS's school renovations.

2016

This was the first growing season for the **BITTERROOT LINE COMMUNITY GARDEN** in the new **MONTANA RAIL LINK CITY PARK**. | **GARDEN OF EATON** has its last growing season.

2019

In the beginnings of a global pandemic, **ROOTS OFF RESERVE COMMUNITY GARDEN** kicks off its first season. While some programming had to be scaled back due to the pandemic, **GARDEN CITY HARVEST** kept all staff employed throughout the season. The organization was originally designed to respond to emergency situations. While there was some pivoting during the pandemic, **GARDEN CITY HARVEST** provides places to grow food and connection. All these years of work to build this organization and its many partnership and distribution networks, meant we were able to deliver food and connection throughout the pandemic. The years of hard work are tested and **GARDEN CITY HARVEST** endures, as more people embrace the value of growing food locally, together.

2020

GARDEN CITY HARVEST proudly celebrates its **25TH SEASON CULTIVATING CONNECTIONS!**

2021

"If Garden City Harvest gives every kid in Missoula the chance to have a garden as a special place, we will have done what we set out to do."

- CAITLYN DESILVEY,
CO-FOUNDER, GARDEN CITY HARVEST

"We stumbled into a truth about this work: small groups of people doing humble labor, producing tangible results equals a transformative experience."

- JOSH SLOTNICK,
CO-FOUNDER, GARDEN CITY HARVEST

NOTE FROM THE DIRECTOR

Garden City Harvest began in 1996, and I joined fifteen years later. As I reflect on our beginnings, I appreciate how much trial and error was required to find how best to feed this community. Those who came before me teamed up with a dry cleaning business to help distribute surplus food from restaurants. They convinced the University of Montana to use our farm as an outdoor classroom.

Twenty-five years later, the scope and breadth of our work has expanded to a network of 21 farms and gardens throughout the community. Our core ideals still hold true: Grow good food for all. Teach and include others in growing food. Respect the land and offer it as an opportunity to dig in and connect, and often, to heal.

I admire those who came before me. They were not afraid to dream big and work tirelessly to bring those dreams to life. From the seeds they planted, Garden City Harvest has grown to be a vital piece of the health and fabric of this community.

With gratitude,

Jean Zosel
